March 19, 2020

Dear TCCS Community,

I hope that you are all doing well and are safely following the guidance of officials during this time. I am writing to you this evening to share that this afternoon, I received word that one of our TCCS community members has tested positive for the Novel Coronavirus (COVID-19).

This individual, who is neither a student nor employee, was in our school building during the first week of March and as recently as March 8. With this in mind, I am asking the entire TCCS community to please take all recommended precautions, including the strict adherence to social distancing guidelines and to seek medical attention from your primary care physician, should you or any member of your family exhibit any of the Novel Coronavirus symptoms that have been outlined by health agencies.

As indicated in my March 6 message to the community, the entire school building has been receiving enhanced disinfection measures multiple times since and including the weekend of March 7th and 8th, in line with the increased cleaning protocols that we adopted at the beginning of the month.

Thank you for your attention to this precautionary notification. Feel free to contact me with any questions or concerns. Otherwise, please continue to stay safe and stay healthy.

Thanks and Best Regards,

Ralph Gallo

Lead Person / Director
