Hello Parents and Guardians,

I am pleased to share that we will be offering a number of FREE academic programs this summer that are being developed and taught by TCCS teachers! These programs will be offered in-person at the school with limited enrollment, so that we can ensure that all existing safety protocols can be followed.

The following page contains information about this summer's course offerings, as well as links for registering online. The limited available spots will be filled on a first come, first served basis.

**IMPORTANT:** There will be no before or after care available and in the interest of fairness to all who may want to participate, attendance is required every day that the program is offered (aside from illness or other emergency situations) during the specifically scheduled times. Please keep this in mind when selecting summer courses.

Once registration is complete, the teachers will reach out to participants with further information.

Feel free to contact me at [rgallo@tccsnj.org](mailto:rgallo@tccsnj.org) or Ms. Torres at [storres@tccsnj.org](mailto:storres@tccsnj.org) if you have any questions.

Thanks and Best Regards,

Ralph Gallo

Lead Person / Director
