August 25, 2021

Dear Parents,

As shared earlier today, the TCCS parent portal is now open for the 2021-2022 school year. Every new and returning family has been sent email notifications with their unique login information and/or reminders for each student.

It is VERY important that all parents log into the portal at least once by next Tuesday, August 31. Not only are teacher, homeroom, and schedule assignments for the coming year posted in the portal, but our annual "Parent Questions" must be answered prior to accessing this information.

You will find that included in these questions is the first of our new mandatory monthly parent attestations regarding screening students for COVID-19 symptoms at home each morning. As outlined in our [COVID-19 Parameters and Protocols](#), completion of this attestation will be required on a monthly basis.

In regards to homeroom class assignments and schedules, please note that student placements are the result of a lengthy articulation process that involves our teachers and administration over the spring and summer. Many factors are taken into consideration during this articulation, including IEP requirements, to ensure that our limited sized classes are balanced and composed in the best interest of our students. With this in mind, please understand that we do not have any flexibility in changing the finalized placements that are posted in the portal.

Please feel free to reach out if you have any problems accessing the portal. Also, please be sure to familiarize yourself with our updated protocols (including arrival and dismissal) for 2021-2022, as outlined in our official [COVID-19 Parameters and Protocols](#).

We look forward to seeing all of our students on Wednesday, September 1!

Thanks and Best Regards,

Ralph Gallo

Lead Person / Director
