Dear Parents/Guardians,

I hope you are all doing well and enjoying the summer.

This is a reminder to make sure the below forms and medication are renewed for this school year 2022-2023

Asthma treatment plans and inhalers will need to be turned in to the health office before the start of the school year. This must be done each school year.

These will need to be filled out and signed by your doctor along with the **Request to administer medication form**.

Administration of nebulized medication is still not allowed at this time in school . If and when anything changes , you will be informed. If your child requires a nebulizer treatment , it would have to be administered at home.

Inhalers must be in the original pharmacy box

Food Allergy Action Plan and Epipens/Benadryl will have to be turned in to the health office before the start of the school as well. This must be completed each school year.

The care plan is to be filled out and signed by your doctor along with the **Request to Administer Medication Form**. Please fill out the parent/guardian section and emergency contacts .

Epipens and Benadryl must be in the original pharmacy box.

Below are the links to the forms required

If you are unable to open the above links to the forms, you can find them on the school's website under the "Nurse's office" tab.

Your cooperation is appreciated. Please email (and be sure to copy nurse@tccsnj.org with any correspondence to the nurse's office) or call if you have any questions.

Thank you!
