November 16, 2022

Dear TCCS Community,

As a public charter school leader, I am emailing you to take action on behalf of the entire public charter school community.

New Jersey public charter schools are built on the belief that a child's zip code should not determine their access to an excellent education. With Governor Murphy's unprecedented investment in K-12 public education, we know that all public school students - both district and charter - can thrive together.

By December 1, 2022, public charter schools throughout New Jersey will be applying to the New Jersey Department of Education to request additional seats to serve more students. Decisions on these expansion requests will be announced by February 2023.

As a member of the charter school community, **let's voice our support for the more than 20,000 students on public charter school wait lists today. Please click [here](#) to send a pre-populated email** to the Commissioner of Education and other members at NJDOE asking them to support all public schools, including public charter schools.

To learn more and stay updated, please visit www.letmychildlearn.org.

In this together,

Ralph Gallo
Lead Person / Director
