Please join us for a workshop on

Executive Functioning: Managing Schoolwork & Everyday Life

Workshop Description

The ability to demonstrate goal-oriented executive functions, such as problem solving, reasoning, planning and organization is essential for success. This workshop will address the following questions:

- What do executive skills look like in children?
- Why is it important to help children develop executive skills?
- How do we support the development of executive skills in children?

Desired Outcomes

- Attendees will gain an understanding of what executive functions are and the importance of the development of these skills through the lifespan.
- Attendees will learn strategies for helping children develop and improve their executive functions beginning in elementary school, through middle and high school, and beyond.
